

**Have an interesting idea? Passionate about your research?
Want to find out who else is on the same page?**

TRANSFORMATIONS 2014, the 30th annual Canadian Association of Planning Students (CAPS-ACEAU) Conference, is now accepting submissions for student presentations!

We want to give you a place to show your research and demonstrate your hard work towards making our cities and towns more liveable, more competitive, and more equitable.

This year, CAPS-ACEAU is opening up its student presentations and trying to make it as easy as possible to show off; from the traditional to the innovative, we want to highlight your efforts!

We will be accepting the following formats for presentations:

- Posters
- Presentations
- Multi-media (videos, photo sets, artwork)
- Applications and platforms (predictive models, network analyses, etc.)

The only criteria we have is that your project has to be grounded in urban planning and be original research affiliated with your school.

We want to include your work at **TRANSFORMATIONS 2014!**

Please fill out the following form and send to proposalcommittee@caps-aceau.org by January 23, 2014.
